As a requirement for admission to AHE, every applicant must take an achievement test. High school applicants must *also* take a learning-abilities test. Scores on these standardized tests must satisfy the minimum enrollment requirements as outlined on page 57 of this catalog. The tests will be ordered and paid for by AHE upon receipt of this application. (Any tester fees are the responsibility of the parent.) Please note that all tests must be administered by a **qualified, approved tester**, and high school applicants must be tested by someone who is not related to or educationally involved with the student (i.e., not a tutor). (See bjupress.com/services/testing/ for the qualifications established by the test publisher.) Please allow six weeks for your tester to receive the materials. If rush processing of the test order is required, the fee is \$30. Please indicate below whether you prefer The Iowa Tests or Stanford tests.

- I prefer The Iowa Tests®.
- I prefer the Stanford tests.
- This student has already taken the *ITBS*® or Stanford test in the last six months. Test results are included or will be sent to the AHE office as soon as available.
