# OUR DISTINCTIVES

BJU Press is ready to partner with you and support you all the way. Our curriculum aligns with the four distinctives of our educational philosophy—biblical worldview shaping, active learning, critical thinking, and educational technology.

## BIBLICAL WORLDVIEW SHAPING

Biblical worldview shaping is at the heart of all BJU Press materials. As your child explores the world, the Bible's narrative of Creation, Fall, and Redemption should be used as a framework for understanding. BJU Press materials lead your child to view the subjects through the lens of biblical teaching.

## ACTIVE LEARNING

Education involves both head and heart. BJU Press wants to shape how your child thinks about academic subjects in a way that is active and not passive. Active learning is an engaging learning experience that invites your child to connect with appropriate content and apply knowledge and skills in memorable ways.

## CRITICAL THINKING

Analysis, evaluation, and creation are critical-thinking skills that are essential to 21st century learning. BJU Press wants to equip you with resources to teach your children not just what to think but how to think so that they can discover the joy of learning.

## EDUCATIONAL TECHNOLOGY

Education in the 21st century requires the infusion of technology use for your student's learning experience. BJU Press offers a variety of digital resources crafted to complement our printed resources so we can help your child learn well.

# HOMESCHOOLING ON THE ROAD

Real Reviews. Real Families. Real Learning.

## BLAKELY FAMILY

*Meet the Blakely family, living life on the move and embracing the freedom of full-time RV living with their two children. Their home changes often, from the forests of the Pacific Northwest to the sunny Florida coast, but their values stay the same: adventure, togetherness, and learning. Each day brings new experiences as they explore family-friendly destinations and homeschool on the road. The world is their classroom, and every journey is a chance to learn and grow together.*

*"We've been using BJU Press Homeschool while traveling full-time, and it's been such a blessing for our family. The Homeschool Hub keeps everything neat and organized—lessons, grades, and schedules—so we don't have to juggle extra papers or binders in*

*the RV. Our children really like the video lessons because they can pause or rewatch if they need more time on something. On travel days we just shift assignments around, and it keeps us on track without stress. We can do school in campgrounds, coffee shops, libraries, and even in national parks! The balance of structure and flexibility has made homeschooling on the road so much smoother for us."*

## TECHAU FAMILY

*Introducing the Techau family—Steve, Kaylee, and their two awesome kids! They sold their home, downsized their belongings, and hit the road in a travel trailer to explore the beauty of the U.S. together. Along the way, they embraced the adventure of homeschooling their kids on the go and discovered firsthand how learning happens everywhere—from national parks and historic sites to the places and people they met along the way.*

*"We absolutely loved BJU Press Homeschool for our 8th and 6th grader. The kids were engaged with the curriculum and learned so much. I loved how easy the Hub was to use, track lessons, and adjust schedules as we traveled. The best part is it helped my kids learn to be more independent and start to take responsibility with their lessons. I was able to check progress with them daily, but they loved the freedom to see what was due each day and work in the order they wanted. We highly recommend BJU!!"*

# BIBLE COURSES

Our Bible curriculum will enable your child to understand the biblical framework of history, see Scripture as one cohesive story, and see Jesus Christ as the ultimate New Testament fulfillment of Old Testament promises. To prepare your child for life, our Bible curriculum builds biblical literacy and skill with Bible truths, memorized responses, a focus on the big-picture narrative of the Bible, textual interpretation, doctrines, worldview development, and apologetics. With a variety of Bible courses available, you can select the one that best suits your child's needs. Bible courses for grades K5–3 are tailored to specific age levels, while our Bible courses for grades 4–12 are adaptable for all grades.

## Biblical Worldview: Beyond the Basics

(2nd edition)

Biblical Worldview: Beyond the Basics takes students beyond simply understanding a biblical worldview and foundational Christian doctrines, showing them how to use that worldview to interact with and understand today's culture. By learning the Creation-Fall-Redemption paradigm and applying it to modern issues such as gender controversies, technology use, and government concerns, students learn not just how to understand but also how to do—applying their faith to make a difference in today's culture.

# HOMESCHOOL IN ACTION

# 4

**Fourth grade begins a new phase of elementary school in which students are beginning to understand more abstract ideas.**

Your fourth grader will continue to strengthen a biblical worldview through reading selections of notable texts, discussing the World Wars, and participating in STEM activities that equip students with engineering skills.

## Your fourth grader will

- analyze patterns and cycles in science,
- read stories and articles in a variety of genres,
- and consider Old Testament narratives proving humanity's need for a Savior.

# GRADE KITS

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons yourself. Many of our printed materials are also available electronically depending on the grade. For grade 4, our non-consumable textbooks are also available digitally. DVD kits now include complimentary online access. ## Science 5 (5th edition)

Science 5 invites students to think, explore, and ask big questions. Using the Socratic method, students are guided to reason through scientific ideas and discover truth through guided questioning. Building on what they've already learned, this course helps them to connect science to everyday life through observation, analysis, and hands-on inquiry. Rooted in a biblical worldview and young Earth model, Science 5 explores life science, physical science, and earth science—while growing vocabulary, deepening understanding, and sharpening thinking skills.

## Math 5 (4th edition)

This course instructs children in adding, subtracting, multiplying, and dividing whole numbers and fractions. Students will also learn geometric concepts including lines, angles, surface area, and volume. Math 5 continues to develop pre-algebra skills and deepens students' understanding of time, measurement, and data. The course introduces ratios, proportions, percentages, and integers and also applies knowledge with STEM activities. Each lesson begins with a brief review before exploring and applying new concepts. Students then attempt problems on their own before reviewing them with the teacher.

## Vacation Stations

Parents, don't let your children lose their academic edge over summer break. What they learned during the year may begin to fade during the months school is out.

That's where Vacation Stations come in. Children in K5–grade 6 can maintain and sharpen their academic skills to prepare for the next grade by doing **just two pages a day** of math, language, and reading reviews. They will enter the next grade confident and prepared to continue their studies. Vacation Stations activity books blend meaningful, grade-appropriate practice with colorful characters and exciting themes to keep students engaged. When students are engaged, they enjoy learning.

# THE ACADEMY OF HOME EDUCATION

The desire to give your children the best education you can offer often goes hand-in-hand with the fear that you're not doing it right.

Support from The Academy of Home Education (AHE) gives you the reassurance and confidence that you're doing everything you need to so your children can be fully prepared for the future. AHE members have access to dual credit courses through Bob Jones University, and you can use Cash4College tuition credit from eligible BJU Press purchases to help pay for them.

## What is The Academy of Home Education all about?

The AHE team dedicates themselves to serving homeschool families by providing record-keeping support, official transcripts, and a diploma. Enroll in our accredited program for the best academic oversight or standard program for the most flexibility.

Our team empowers you to give your children an education that will let them take whichever steps they want after high school—whether those next steps are to an Ivy League university or a trade school. Our students have gone on to confidently apply at many schools including Clemson University, Virginia Tech, The Ohio State University, the United States Naval Academy, Baylor University, Bob Jones University, and other Christian colleges.

## English 7

The English 7 video course is a yearlong course that covers both *Exploring Themes in Literature* and *Writing & Grammar 7* daily.\*\*

*Writing & Grammar 7* alternates between teaching concepts in grammar and developing writing skills. Grammar lessons include teacher demonstrations, application of grammar concepts to writing, entertaining video segments showing the importance of grammar, and practice. Writing lessons include writing instruction, teacher modeling of writing skills, additional application of grammar, and time to work on writing projects through workdays. Video segments for writing chapters show application of writing skills.

*Exploring Themes in Literature* teaches students to evaluate literature from a biblical worldview. Lessons follow the reading process approach as the teacher introduces the content to be read, goes over new vocabulary, and discusses the reading before moving on to the next selection. Video segments for literature lessons unpack information about authors.

## English 8

The English 8 video course is a yearlong course that covers both *Making Connections in Literature* and *Writing & Grammar 8* daily.\*\*

Writing and Grammar 8 will help your students to become clear, coherent, and well-developed communicators by giving them opportunities to learn from good writers and apply grammar and writing skills to their own writing. This course teaches students how to use written, spoken, and visual language to communicate clearly and effectively.

*Making Connections in Literature* gives students the reading strategies and literary skills they need to comprehend, analyze, interpret, and compare texts of different genres. They will evaluate both contemporary and classic selections and complete a full-length novel study of *Across Five Aprils*. Ultimately, this course encourages students to develop both artistic and biblical discernment so they can be creative, Christlike communicators.

**English 9**  
The English 9 includes one semester of Writing & Grammar 9 and one semester of Fundamentals of Literature.\*

In Writing & Grammar 9, students develop grammar skills with writing skills. Grammar sections teach parts of speech, sentence patterns, phrases, and clauses. Writing assignments include a personal experience, a research essay, poetry, a personal response to literature, and a devotional.

Fundamentals of Literature teaches literary analysis by discussing six literary elements: conflict, character, theme, point of view, structure, and tone. Students will analyze and evaluate authors, works, and themes in light of Scripture. An English translation of Rostand's drama *Cyrano de Bergerac* is included in the book.

## Biology (6th edition)

The sixth edition of Biology explores the intricacies of life, homeostasis, and conservation from a biblical perspective. The course features standard lessons, quizzes, labs, engaging activities, discussions on ethics, worldview investigations, review sessions, and tests. Students will develop a biblical worldview as they study homeostasis in biological systems at various levels, analyze living organisms, assess current and historical biological models, and address ethical issues in biology through a biblical lens. They will also gain hands-on experience in advanced laboratory techniques and modeling.

## World History (6th edition)

World History invites your child to study the major patterns that have shaped our world, revealing how they ultimately point to the triumph of God's kingdom. This journey through history will cover developments from Creation to the twenty-first century. Along the way, your child will study significant periods of world history—from the earliest post-Flood civilizations to the Middle Ages, the Renaissance, the Reformation, and the Enlightenment. Your child will also have the opportunity to consider the development of Western civilization and explore the diverse civilizations and empires of Africa, Asia, and the pre-colonization Americas.

## Geometry (5th edition)

Explore the world of geometry, where your teenager will build critical-thinking skills through hands-on experiences with 2-D and 3-D shapes. By combining classic geometric proofs with real-world problems, your student will use both digital and mechanical tools to create shapes, prove relationships, and calculate key measurements. By diving deep into transformations and trigonometric ratios, your child will discover how God's design shapes our reasoning and ethical choices.

## English 10

English 10 includes one semester of Writing & Grammar 10 and one semester of Elements of Literature.\*

Writing & Grammar 10 builds upon foundational grammar concepts taught in previous grades and significantly expands student understanding of phrases, clauses, agreement, and pronoun reference. In addition, students will encounter writing strategies such as sentence expansion and reduction, coordination and subordination, and correct use of parallelism.

Elements of Literature includes instruction in five marks and modes and six genres of literature. It develops students' literary skills as they learn to interpret, analyze, and appreciate literature and evaluate it from a biblical worldview. Shakespeare's *Romeo and Juliet* is included, and new authors and selections broaden the text's impact.

## Algebra 2 (4th edition)

Algebra 2 invites your student to deepen an understanding of math by viewing it as a powerful tool for understanding the world and living out faith. Grounded in a biblical worldview, the course tackles real-world problems through advanced topics such as polynomial, radical, and rational functions; systems of equations; trigonometric identities; and probability. As your student engages with linear programming, quadratic modeling, and data analysis, math becomes more than just solving equations—it becomes a means of using mathematical tools to serve others and honor God.

## English 11

The English 11 video course is a yearlong course that covers both American Literature and Writing & Grammar 11 daily.\*

Writing & Grammar 11 presents and reviews key concepts in grammar, usage, and mechanics. It includes writing projects to develop writing and communication skills, as well as reference chapters for library and study skills. The video course includes segments that explore common grammar mistakes and inspirational insights on why students should write.

American Literature uses the reading process approach to encourage high-level reading comprehension and critical-thinking skills as it introduces students to a variety of new authors and genres. Students will also learn close reading and other study skills. The video course includes segments that introduce the topics covered in each unit, explore the authors' lives, and provide dramatizations and animations of literary excerpts. The video course focuses primarily on literature and writing while also offering regular review of key grammar concepts.

## Welcome to the final grade of high school!

This year is an important milestone as your student develops as an independent learner, completes high school, and prepares for the future. Your student will strengthen a biblical worldview through learning about the biblical purpose of government, analyzing models in physics, and examining economics from the perspective of biblical stewardship.

## Your senior will

- read excerpts and whole pieces from British literature,
- study trigonometry and polynomials,
- and analyze branches of the American government.

## Economics and American Government

Course includes one semester of Economics and one semester of American Government.\*

Economics is a one-semester course that teaches economic principles from a conservative approach. Each chapter contains information about personal finances and encourages a biblical view of stewardship. Throughout, students are encouraged to think critically about economic issues.

American Government prepares your student to function as an empowered citizen with a biblical perspective of government. Your student will examine American government from multiple biblical perspectives and review relevant events from recent years. A thorough understanding of our nation's history and governmental structure will enable your student to optimize his or her impact for the glory of God.

**English 12**  
English 12 includes  
one semester of  
Writing & Grammar  
12 and one  
semester of British  
Literature.\*

Writing and Grammar 12 reviews the writing process as well as grammar and mechanics. Students prepare portfolios consisting of twelve writing assignments: descriptive essay, persuasive essay, college application essay, monologue, sonnet, dramatic scene, response to a dramatic scene, research report, issue analysis essay, comparison and contrast essay, video report, and in-class essay.

In this British Literature course, students read chronologically through British literature from the 700s to the present, focusing on four major literary periods: the Middle Ages, the Renaissance, the Age of Revolution, and the Age of Reform. Students read a variety of authors, focusing on their influence on society and society's influence on the authors. The course builds on instruction from previous years to demonstrate the development of literature.

### Fundamentals of Literature

(3rd edition)

In Fundamentals of Literature, your child will explore a wide range of literary works using reading strategies and literary analysis skills. He or she will evaluate key literary elements—such as conflict, character, theme,

point of view, structure, and tone—and examine how these elements reflect the biblical themes of endurance, discernment, hope, influence, identity, and death and the end. The Student Edition features a diverse array of literary works, including “The Most Dangerous Game,” excerpts from *The Odyssey*, “The Gift of the Magi,” selections from *Don Quixote*, a full study of the play *Cyrano de Bergerac*, and more. Your child will sharpen close-reading and critical-thinking skills by answering text-based questions and completing writing assignments designed to foster deep analysis of literature.

# TESTING AND EVALUATION

## STANDARDIZED TESTING: BEYOND REQUIREMENTS

“What does my state require?” When it comes to standardized testing, this is likely the most common question we get. If families aren’t trying to meet state requirements, they may be trying to qualify for scholarships or enter a special program. But can standardized testing do more than help a family meet requirements?

### Get an unbiased measure.

The first thing standardized testing provides is a way to see a student’s academic standing outside the family’s own curriculum and grading system. This helps to highlight any areas that may need to be built up that may not have shown otherwise.

### Spot learning gaps.

Even academically excellent students getting high grades may be missing key thought processes like extended reasoning. As with the point above, being able to look at scores and check for understanding on every level is a true help found in achievement testing.

### Know your child’s reading level.

The *Lexile® Framework for Reading* is a fantastic resource for knowing and locating books on your student’s reading level. You can use the Lexile Range to find books on [lexile.com](http://lexile.com) and the JourneyForth section of [bjupresshomeschool.com](http://bjupresshomeschool.com). Knowing your student’s reading level can help you challenge your student without overwhelming him or her.

### Access free math exercises.

The *Quantile® Framework for Mathematics* (Iowa-only) gives you the chance to find math exercises tailored to your student’s needs in math. Just take the Quantile Range and follow the pathway on [metametrics.com](http://metametrics.com).

### Compare achievement to potential. (*CogAT®*)

The Predicted National Percentile Rank (Iowa/*CogAT*) provides insight as to how well your student is performing academically compared to how well your student could or should be performing.

### Tailor teaching to learning needs. (*CogAT*)

The Ability Profile score allows you to take your student’s ability and find tips for teaching with that student’s skillset in mind at [cogat.com](http://cogat.com).

# STANDARDIZED TESTING IS AVAILABLE IN TWO FORMATS.

## Advantages for Online Testing

- Convenient format eliminates shipping worries and simplifies marking answers.
- Scores are available sooner.
- The tests include testing tools (highlighter function, built-in calculator where appropriate).
- BJU Press provides an online test administrator to guide you throughout the process.

## Advantages for Paper/Pencil Testing

- The test administrator has more control over the testing process, including test dates.
- Test on your own schedule.
- Students with learning disabilities can receive accommodations.

All content for *Iowa Assessments*™ Online is the same as the paper/pencil format, and all questions are multiple choice. *Iowa Assessments* and *CogAT*® both use 2024 comparisons (norms). *Iowa Assessments* meet most state requirements and other standardized testing goals.

See pages 112–13 for order information.

4	Multiply line 3 by 15% (Line 3 x .15). This is your <b>Down Payment</b> .	
5	Subtract line 4 from line 3. This is your Remaining Balance.	
6	Divide line 5 by 9 (Remaining Balance ÷ 9). This is your <b>Monthly Payment</b> .	

## Monthly Payment Plan Terms and Conditions

By enrolling in the automatic monthly payment plan, the customer agrees to the following:

- The customer authorizes BJU Press to automatically charge his credit card each month until the balance is paid in full.
- The amount charged will be approximately one-ninth of the balance due after the original down payment has been charged and may vary slightly due to applicable taxes.
- A one-time processing fee of \$50 will be applied.
- The monthly billing will be charged to the customers credit card each month on the same date the down payment was charged.
- Returns of any payment plan order will be applied to satisfy the payment plan before any refund can be made.
- Default of monthly payments voids the payment plan.
- Default on Online Video Courses will result in suspension of service and permanent loss of records.
- Customer is responsible for all collection fees allowable by law on accounts in default.
- Payment Plan orders are not final until approved by the BJU Press Business Office. Payment totals are subject to change based on product availability. Products not immediately available at the time of purchase will be excluded from the Payment Plan and will be charged in full when they become available.

## I have read and agree to the Payment Plan terms and conditions above.

# BJU Press Video Course Agreement

In consideration of the mutual promises contained in this Agreement, BJU Press and the Subscriber agree to the following conditions:

## Use Agreement

The Subscriber agrees that the Content is the property of BJU Press, and Subscribers have only viewing/use rights. The lessons may not be duplicated, rented, sold, copied, or distributed in any way to anyone. The rights given in this Agreement are nontransferable. Content, as used in this Agreement, includes videos, online assessments, teacher-prepared handouts, answer keys, and any other materials provided by BJU Press and pursuant to this Agreement.

**DVDs**—DVD courses that ship between February 1–May 31 will have 20 months to complete the course and return the DVDs. Courses that ship after June 1 will have 16 months to complete the course and return the DVDs. **The DVDs must be returned by the required date.** Failure to return the DVDs by the end of the access period will result in a penalty of \$100 per month up to a maximum of \$500. DVDs that are returned in an unusable condition will result in a penalty of up to a maximum of \$500. Please note that the start of the lease is calculated from the ship date of individual courses, not their order date.

The DVDs should be returned in the original packaging. A prepaid return label (for the 48 contiguous United States only) will be emailed prior to the required date, as previously noted, to ship the DVDs (only). Return instructions will be included with the email. Use of the return label(s) for other purposes is strictly forbidden by the carrier (e.g., FedEx) and will result in additional charges to the customer. Please use the prepaid return label to return DVDs by or before the required date.

Other return shipping is the responsibility of the customer. Please note that the start of the lease is calculated from the ship date, not the order date.

**Online**—Online courses that ship between February 1–May 31 will have a 20-month access period. Courses that ship after June 1 will have a 16-month access period. Please note that the access start date is based on the ship date of course materials, not their order date or video availability.

## Subscriber Approval

Pricing and program details are subject to change without notice. This Agreement is not final until accepted by the home office of BJU Press.

Acceptance will be based in part on the following:

### Qualification of Subscriber as a residential home educator

The BJU Press Video Course program is not available for group use. A school Video Course program is available directly from BJU Press. Call 800-845-5731 for information on group use.

### Satisfactory payment/credit arrangements with the Subscriber

BJU Press requires payment at time of order. Payment can be made by credit card, in cash, or by check (US funds only). Qualified customers may take advantage of a payment plan. See pages 117 and 126 or [bjupresshomeschool.com](http://bjupresshomeschool.com) for more details.

**By placing an order with BJU Press, either by phone, fax, email, internet, or other method, the Subscriber agrees to abide by all conditions of this Agreement.**

**Agreement to additional terms for Online customers related to COPPA and our Privacy Policy as well as the use of the online software is required. These terms will be presented to the Subscriber for approval at the time of registration in the system. In the event that you do not agree to these terms, you may be entitled to a full refund, as provided below (see Refunds Policy on page 126).**

## Obligations and Qualifications

With this Agreement, BJU Press grants the Subscriber a limited viewing/use license for the specified period to use the Content solely in the Subscriber's own homeschool. The Subscriber acknowledges that all Content remains the property of BJU Press and agrees to use the Content only for the purposes allowed by this Agreement. Use of Content by non-subscribers is specifically prohibited and is a violation of copyright laws. If the Content is being purchased for use in a school or homeschool co-op, please contact BJU Press at **1-800-845-5731** for information about accessing and managing Content through the Admin Portal of the Homeschool Hub. For more information, visit [bjupresshomeschool.com/co-ops](http://bjupresshomeschool.com/co-ops).

BJU Press permits Subscribers to duplicate (and therefore assume responsibility for duplication of) any and all reproducible/printable teacher-prepared handout materials for each course. This right to copy and reuse the handouts applies only to handouts—not to textbooks—and only to BJU Press Video Course Subscribers for use within their immediate family (children living in their home).

## Obligations of the Subscriber

The Subscriber agrees to the terms of this use Agreement. The Subscriber also agrees to pay such taxes now or hereafter imposed on the Agreement and/or educational use of Content in the Subscriber's own jurisdiction.

The Subscriber acknowledges the right of BJU Press to restrict or terminate service for failure to pay, misuse of the Subscriber license rights, or violation of other provisions of this Agreement. The Subscriber also acknowledges the right of BJU Press to assess such late or collection fees as allowed by law.

It is understood that video lessons from BJU Press are for viewing/use rights only. This is a license to use the Content only—you may not pass on the license in any form. This license prohibits the Subscriber from renting, loaning, sharing, duplicating, or trading the Content on the Video Course program or handouts unless expressly allowed by this Agreement.

**DVDs**—The Subscriber agrees to provide a DVD-R playback device. BJU Press Video Lessons on DVD will play on most approved DVD-R players and computers.

**Online**—The Subscriber agrees to provide an approved playback device (hardware and software). BJU Press Video Course Content will play on most approved computers.

If the Subscriber's player or computer will not play the Video Content, the Subscriber may contact customer service (800-845-5731) for return instructions (see Returns Policy on page 126).

## Availability of Content

All lessons are subject to availability and subject to change without notice. Teachers may vary from year to year and are subject to change without notice. Lessons and teachers can be confirmed at the time the order is accepted.

## Agreement

The placement of an order affirms the concurrence of the Subscriber with the terms of this Agreement and thereby binds the Subscriber to these terms. This Agreement supersedes any prior or existing proposals, whether oral or written, and all negotiations, conversations, discussions, and understandings between BJU Press and the Subscriber.

## Shipping Information

- Video Course materials will be shipped within 30 days, subject to availability.
- Faster shipping methods are available for an additional cost. Please contact BJU Press for details 800-845-5731.
- Books are shipped separately from the Video Lesson media.
- Products are shipped only after satisfactory payment has been received. Full payment is required for non-payment plan orders.
- Customer Service 800-845-5731.
- Cost and compliance of international shipping is the responsibility of the Subscriber.

## Applicable Law, Disputes

In the event of any dispute related to this Agreement, the parties will attempt resolution pursuant to biblical principles, utilizing negotiation and mediation. If this is unsuccessful for any reason, venue for any legal action shall be in Greenville, South Carolina. This Agreement shall be construed pursuant to South Carolina law.

### Children's Online Privacy Protection Act (COPPA) Privacy Policy, Notice, and Verification of Parental Consent

BJU Press takes great pride in providing exceptional service for our valued customers. In keeping with this commitment, we are dedicated to protecting your privacy and handling any personal information we obtain from you with care and respect as described in our Children's Privacy Policy. This Children's Privacy Policy is designed to answer your questions regarding our privacy policies and principles with respect to children under the age of 13.

Although BJU Press, as a non-profit entity, is not subject to the requirements of the Children's Online Privacy Protection Act (COPPA), we seek to abide by its provisions as a matter of policy. It would require that we inform parents and legal guardians about how we collect, use, and disclose personal information from children under 13 years of age and that we obtain the consent of parents and guardians in order for children under 13 years of age to use BJU Press Homeschool Hub™. Below we explain how we do that for these children. Also, the use of the term *parent* below includes legal guardians.

### What types of personal information do we collect about children?

BJU Press does not knowingly collect information from children at BJUPressHomeschool.com. BJUPressHomeschool.com is designed to allow adults to purchase BJU Press products and materials. However, if a parent registers his or her child for BJU Press Homeschool Hub, BJU Press will collect information from the parent about the child in order to provide the child with online access to course content, including video presentations, assessments (online and/or printable PDFs), and other educational materials as deemed appropriate and applicable by the course instructor at BJU Press Homeschool Hub. BJU Press will collect the following information from the parent about the child: first and last name, birth date, gender, and grade level. We collect birth dates to validate the age of each child.

### How do we use and share the personally identifiable information that we have collected about children?

BJU Press will use the child's demographic information to register the child for the BJU Press Homeschool Hub courses purchased for the child by the parent. Registering a student requires the parent to provide a username and password and to confirm his or her first and last name. In addition, the child has the option to upload a Profile Photo. Uploading a Profile Photo is completely optional and subject to the parent's discretion.

After logging into BJU Press Homeschool Hub, a child will have the option to update his or her profile and provide the following additional information: Account Information, including full name, complete mailing address, and phone number(s). Adding profile information is completely optional and subject to the parent's discretion. BJU Press recommends that children not complete the additional profile information.

The child's information will be used to keep track of course progress and grades earned.

A child's personal information will be used only by BJU Press Homeschool Hub staff as necessary to provide services related to the child's enrollment. In addition, we may share a child's personal information with third parties to the extent reasonably necessary to protect the security and integrity of our sites; to take precautions against liability; to respond to judicial process; or to the extent permitted under provisions of law to provide information to law enforcement agencies or for an investigation related to public safety.

### How do we notify and obtain consent from parents for the collection of information from their children?

BJU Press requires that parents, prior to enrolling their children, review and agree to our terms and conditions, including our Children's Privacy Policy. By registering a child for BJU Press Homeschool Hub and submitting credit-card payment for services, parents indicate agreement with the BJU Press Children's Privacy Policy and authorize BJU Press to collect and use the child's information as described in this policy. Parents who submit payment using check or cash will need to sign and return a statement indicating their agreement with this policy.

### How can parents review, change, or delete personally identifiable information about their children?

Parents may review, change, or delete their child's personally identifiable information at any time by logging in to the parent's account at BJU Press Homeschool Hub. Parents may contact BJU Press Customer Service at 800-845-5731 at any time if they require additional assistance with their child's account. You may also email us at [bjupinfo@bjupress.com](mailto:bjupinfo@bjupress.com). Completely removing the child's information will require the parent to withdraw the child from BJU Press Homeschool Hub.

### How will we notify parents if our Children's Privacy Policy changes?

Our Children's Privacy Policy may be amended at any time but will always be made in conformance with applicable law, including applicable provisions of COPPA. For any material changes to our Children's Privacy Policy, we will email parents who have enrolled their children in BJU Press Homeschool Hub.

### How can parents contact BJU Press with questions about our Children's Privacy Policy?

If you need further assistance, you may email your questions or comments to us at [bjupinfo@bjupress.com](mailto:bjupinfo@bjupress.com). You may also call us at 800-845-5731 or write to us at

# Monthly Payment Plan Terms and Conditions

By enrolling in the automatic monthly payment plan, the customer agrees to the following:

- The customer authorizes BJU Press to automatically charge his credit card each month until the balance is paid in full.
- The amount charged will be approximately one-ninth of the balance due after the original down payment has been charged and may vary slightly due to applicable taxes.
- A one-time processing fee of \$50 will be applied.
- The monthly billing will be charged to the customer's credit card each month on the same date the down payment was charged.
- Returns of any payment plan order will be applied to satisfy the payment plan before any refund can be made.
- Default of monthly payments voids the payment plan.
- Default on Online Video Courses will result in suspension of service and permanent loss of records.
- Customer is responsible for all collection fees allowable by law on accounts in default.
- Payment Plan orders are not final until approved by the BJU Press Business Office. Payment totals are subject to change based on product availability. Products not immediately available at the time of purchase will be excluded from the Payment Plan and will be charged in full when they become available.

## BJU Press Policies

### Returns and Refunds

**Returns must be made by the original purchaser and approved by BJU Press, and materials must be returned in new, unused condition.**

Please get prior approval from BJU Press for all returns.

#### Return Policy

- Contact customer service within 10 days if you receive defective or damaged materials. Defective or damaged materials should be returned within 2 weeks of notifying BJU Press.
- We do not accept returns or offer refunds after 90 days.
- eTextbooks are not eligible for return or refund.
- Partial Returns (Non-Kit Items): For partial returns of individual items that are not part of a full kit, please include a copy of the packing slip with the returned items clearly circled.
- Full kits cannot be partially returned. If the return involves a full kit, it must be returned in its entirety.
- Pack returns tightly in a sturdy box. Boxes should not exceed 40 pounds. Overweight boxes will incur additional handling fees.
- All materials should be returned via FedEx, UPS, or parcel post (insured). Customer is responsible for all shipping expenses.
- HomeWorks orders receive extended return options. Details given at point of sale.

Please send all returns to

**BJU Press Distribution Center  
134 White Oak Drive  
Greenville, SC 29607**

#### Refunds Policy

- We can offer a full refund only for unused products returned within 30 days from receipt (or within 30 days from when online content is made available), excluding all expedited shipping charges paid at the time of the initial order.
- After 30 days, a 10% restocking fee will apply.
- BJU Press will process your refund to the payment method provided on your order. Credit from a return may not be applied to a new order.
- Liability of BJU Press for all claims shall be limited to a refund of amounts paid by the purchaser/subscriber.

### Extensions

For an additional fee, DVD grade kit and subject kit usage periods may be extended. Please contact BJU Press at 800-845-5731 for more details.

For an additional fee, online subject kit usage periods may be extended. Please contact BJU Press at 800-845-5731 for more details.

### Back-Orders

Back-ordered items will automatically be shipped to you when they are available. Your credit card will not be charged for a back-ordered item until the item is shipped.

### Shipping Information

- Orders with expedited shipping will follow normal processes before shipment. Shipping and handling are to be paid by the customer, based on the shipping method you have selected (see chart on page 114). You may call customer service for details.
- We cannot hold orders for a later shipping date. All orders will be processed when they are received.

### Pricing Information

- Orders are not final until approved by the BJU Press office. Order form totals, sales/use taxes, and shipping costs will be checked and corrected in processing.
- All sales are FOB Greenville, SC.
- Prices are effective February 1st of the current year and subject to change without notice.
- Payment must be made in United States funds.

### Tax Information

We are required by law to collect your state and local sales/use tax. This includes sales/use tax on shipping charges in states where applicable.

- AR, CO, CT, DC, GA, HI, IL, IN, KY, MN, MS, NC, ND, NE, NJ, NM, NY, OH, PA, RI, SD, TN, TX, VT, WA, WI, and WV require tax on shipping as well as on merchandise. To calculate sales/use tax in this order form, add your first subtotal to your shipping cost (see page 114) and multiply by your state's tax rate.
- Customers in all other states should multiply their state and local sales/use tax by their first subtotal.
- For pickup orders, please add 6% SC sales tax on all items except student textbooks, workbooks, and teacher editions.
- Please add Canadian tax for air shipments to Canada. Multiply tax rate by your first subtotal.
