

Student Lockdown Browser Instructions for Windows

1. Click to [download the Secure Student Browser for Windows](#), which is used as the testing platform. (Note: If you have the lockdown browser on your computer from online testing in the past, delete the browser and download again.)
2. Open your Downloads folder, and drag the Riverside Secure Browser to your desktop.

You may want to rename the icon (e.g., "Student Testing").

3. At testing time, begin the test sessions by double-clicking the icon above.
4. Sign In by adding Student ID and Session Code on the **right side of the page** (provided via email), rather than by filling in name, birthdate, and so forth.
5. Only at the **end of test day**, exit the browser and return to the desktop by pressing **Ctrl+Shift+Q**.
6. **Feel free to remove the browser after testing is complete!**

If you have any questions or need assistance, contact BJU Press Testing & Evaluation by phone at 877.246.8337 or by email at onlinetesting@bjupress.com.
